Review Report To the Board of Directors of Tribhovandas Bhimji Zaveri Limited

We have reviewed the accompanying statement of unaudited financial results ('the Statement') of Tribhovandas Bhimji Zaveri Limited ('the Company') for the quarter ended 30 June 2014, except for the disclosures regarding 'Public Shareholding' and 'Promoter and Promoter Group Shareholding' which have been traced from disclosures made by the management and have not been audited by us. This statement is the responsibility of the Company's Management and has been approved by the Board of Directors in their meeting held on 4 August 2014. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity issued by Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards notified pursuant to Companies (Accounting Standards) Rules, 2006 which continue to apply under section 133 of the Companies Act, 2013 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Clause 41 of the Listing Agreement including the manner in which it is to be disclosed, or that it contains any material misstatement.

Under the current situation, we remained focused on growth of sales, while keeping operating costs and debt within acceptable limits. However, with a high base of an extraordinary first quarter of FY14, it was difficult to display topline growth."

Incidentally, the Company took a judicious decision to go slow on store expansion and is focused more on improving the performance of the existing stores through improved customer footfalls and steady margins.
